25 January 2008

Dear AIA Hong Kong Members,

Greetings and best wishes for 2008 !!!

2007 marked the 150<sup>th</sup> Anniversary of the American Institute of Architects (AIA) as well as the 10<sup>th</sup> Anniversary of the AIA Hong Kong Chapter. Last year's expansion of programs and activities to include events in China greatly expanded our outreach to our fellow members working in the PRC. In addition, the activities of our new **Urban Design Committee** opened new opportunities for important critical dialogues, and our two extraordinary LEED® workshops (in Hangzhou and Hong Kong) laid the groundwork for our new **Committee on the Environment** to continue activities of education and public awareness about urban and sustainable design. Both of these committees are excellent venues for the promotion of the works of our members, both here and abroad.

I am pleased to announce the new Chapter officers for 2008, as follows:

#### Executive Committee

We are in the process of formulating an exciting program of events for 2008, to build upon the contacts and relationships we have developed over the past years. We look forward to developing and enhancing our coordination with aligned organizations such as the Hong Kong Institute of Architects (HKIA), the Urban Land Institute (ULI), and CoreNet (Corporate Real Estate Network) Global, among others.

We will also strengthen collaboration with other AIA components - especially those international chapters in **London/UK**, **Continental Europe**, and **Japan**, as well as our own **Northwest & Pacific Region**, to endeavour to ensure that the needs and concerns of all of our members working abroad are represented within AIA nationally and globally. To do so, we will also be communicating closely with our 2008-2009 International Director, Prof. Ralph Lerner, *FAIA*.

The success of our Chapter relies on the active participation and support of all of our membership. Your input and suggestions are greatly appreciated, so please feel free to contact our Chapter Office to share your ideas and volunteer your support and participation.
